

## **Sigona's Office Deliveries Apple Tasting Cards | Fall 2025**

**Print and cut these cards and place them next to the apple slices from your basket/box!**

Want to turn your fruit basket into something more than just a snack? Host a mini apple tasting in the breakroom! It's a simple, low-effort way to connect with coworkers and celebrate the Fall season together.

### **Here's how:**

- Slice up each apple variety and label them with tasting notes
- Invite your team to sample and vote on their favorites
- Spark conversation with questions like: "Which apple surprised you?" or "Which one would you pair with cheese or peanut butter?"
- Share your top picks on your office chat or social channels (and tag us @SigonasOffice)
